

# *D.I.Y* *HELIUM HIRE*

*Why not get creative and do your balloons yourself? With easy step by step instructions you'll have them done in no time.*

*Helium balloons will last 7-9 hours depending on the environment and climate, So plan to blow your balloons up just before your party. Give yourself around 1 hour to inflate your balloons to receive the best quality fly time.*

*All helium tanks include regulators & are based on a 4 day hire. Late fees will apply if returned after your 4 day return policy of \$5.00 per day.*

*D.I.Y Helium is a great option if you are travelling and have not got much space to be transport bags of inflated balloons.*

*So, why not get creative and give our D.I.Y Helium Tanks a go.*
